A Message for All Eritreans, Abba Mussie Zerai

My dear compatriots, a little of your time will update the news, and commitment of so many of us, in favor of young Eritreans who are indifficultà in a foreign land. I am constantly personalmete informado because all Eritreans become aware ...and to strive to seek solutions to problems facing our youth. Every Eritrean should feel responsibility for the fate of any Eritrean who asks for help. Thank God there are people working in total anonymity as Dr. Alganesh that deserves the applause of all, there are others who are also exposed trope of putting his own face risking everything, like Elsa Chyrum, Meron Stifanos and other members of facebook & of 'ICER. We need everyone's help, especially to stop the flow of young Eritreans who end up in the hands of smugglers in Sinai. I ask all of the collaboration to inform your brothers, sisters, friends and relatives not to trust anyone who offers him the trip to Israel or elsewhere. Just dead tropes, trope atricita, please help us to save hundreds of our young Eritreans.

"Peace is not the product of terror or fear. Peace is not the silence of cemeteries. Peace is not the silent result of violent repression. Peace is the generous, tranquil contribution of all to the good of all. Peace is dynamism. Peace is generosity. It is right and it is duty."

Oscar Romero.

Happy Texas Independence Day

On March 02, 1836, delegates from 59 Texas settlements gathered in the small town of Washington-on-the-Brazos. They met to declare their independence from Mexico and their determination to live in liberty. Less than 200 miles to the West, Santa Anna's army was laying siege to the Alamo. On April 21 of that year, Sam Houston and about 900 Texas soldiers defeated the larger Mexican army at the Battle of San Jacinto. By this victory, Texans won the independence they had declared less than two months earlier.

Response from United States Senator for Texas, John Cornyn

Dear Mr. Wondefrash:

Thank you for contacting me about religious freedom in Eritrea. I appreciate having the benefit of your comments on this matter. I share your deep concern about the state of religious freedom in Eritrea. According to the Department of State, although the U.S. government attempts to raise the issue of religious freedom in Eritrea, Eritrean authorities have refused to discuss abuses of religious freedom. As a result, Secretary of State Hillary Clinton redesignated Eritrea a Country of Particular Concern under the International Religious Freedom Act. As a strong supporter of personal freedoms, I believe that no government should restrict the free exercise of religion. Thus, you may be certain that I will advocate for legislation and policies that promote freedom of religion in Eritrea and around the world. I appreciate having the opportunity to represent the interests of Texans in the United States Senate. Thank you for taking the time to contact me.

Sincerely,
JOHN CORNYN

"A church that suffers no persecution but enjoys the privileges and support of the things of the earth - beware! - is not the true church of Jesus Christ. A preaching that does not point out sin is not the preaching of the gospel. A preaching that makes sinners feel good, so that they are secured in their sinful state, betrays the gospel's call."

Oscar Romero.

A Prayer about The Black History from Father Thomas, Director of St. James School

Heavenly Father as we come together this evening, allow your spirit to fill our very being. We remember the struggles of our people of African descent and we thank you for your grace and your love.

We thank you for a society that honors the achievements and sacrifices of all people.

Help us to never forget our history and instill in us the willingness to share our history with others. This February, bless all who, in spirit of Black History Month, seek to bring Your world together, rather than to tear it apart. Bless all Your beloved children, Loving Father, and teach us to live together in peace to make the world a better one for every one to share and enjoy, not and always. Amen. (02/29/12)

Arbi Harnet: The New Campaign for Visible Protest in Eritrea

As an expression of our public outrage at the abject violation of the basic human rights of our people and particularly the extremely harsh treatment of our youth, we at Eritrean Youth Solidarity for Change (EYSC) are calling all our friends, brothers and sisters, our parents and elders in our communities to empty all streets in the country every Friday.

... From now until freedom is restored on the streets of Eritrea, the empty streets will echo our resistance and solidarity against the injustice we are fighting in resolute unity.

Remember: all streets are to be emptied out at 6:00 pm every Friday, we will be calling, faxing, texting, and emails to remind our people of this call every week.
